

PROPOSAL

Herrmann Advertsing – Jeffery Clausen

February 14, 2011

CLIENT: Gibbons Law

PROJECT: Alumni Portal

SUMMARY:

Build a Drupal based site to satisfy the following requirements:

- Password authenticated user accounts and content access
- Alumni Directory
- Alumni Spotlight
- Alumni Events
- Submit Referrals (content approved by admin)
- Submit Career Opportunities (content approved by admin)
- Gibbons News (potentially pulled from existing site)
- New Member Registration (content approved by admin)

All content needs to be administered through Drupal.

Herrmann will receive final files and push to production server.

Herrmann will provide design source files and assets prior to development.

Herrmann will manage the project and communication with client.

DevelopDC will provide a development environment (Linux, Apache, PHP, MySQL).
